

**KINSHIP CAREGIVERS
DESERVE ADEQUATE PROVINCIAL
FUNDS, SERVICES,
& RECOGNITION
TO RAISE STRONG, SAFE, HEALTHY
CHILDREN**

Dear Premier Clark:

British Columbia must take leadership in recognizing the value of grandparents who are raising their grandchildren full time and other kinship care providers. You can do this by providing these families with a monthly benefit equivalent to that provided to foster parents.

Grandparents Raising Grandchildren, and all Kinship Care providers, also deserve access to respite, child care, and the same training received by foster parents.

We the undersigned urge you to commit to funding that ensures no child in care will grow up in poverty.
