This is a free program for the whole family. Our goal is to support families while they find their own path towards becoming stronger, happier, healthier, and healthier, as well as learning to work together better. Families are supported by each other and by the program facilitators. Caregivers and children first meet in separate groups where we explore different topics including communication, understanding emotions, problem solving, social skills, and dealing with difficult behaviours. Then we all come together to participate in an activity based group. Here, the focus is on spending quality time building strong positive relationships and having fun! At the end, we share a meal together.
The program runs after school, once a week, for 14 weeks. Each group meeting is 2.5 hours long including dinner.
We offer childcare for kids 0-5 years old during our group meetings and transportation to and from group if needed.
